## *Message from the Chairperson*

Well, you have me for another year..... I am honoured to be able to represent such a active and fun-loving Wing. We are a quarter way through the 100th anniversary of the Air Force. I find that hard to believe. Our committee has had many an exciting events thus far with more right around the corner with Stampede and Spruce Meadows. From there, we have our usual events to plan: Peacekeeper Day, Battle of Britain, Remembrance Day and our Christmas party. So much fun to be had with this group!!

Our casino is planned providing us with funding to do what we do best—give money to those in need of it. It is on a weekend which will be easier to manage for those of us who work.

We have attended all the ACRs and some of the Change of Command parades. Thanks to those who step up every year to represent us at these events. It brings a tear to my eye every time I see how hard these young folks have worked and I imagine all the great things they will do in life with this experience behind them.

I wish you a safe, yet fun-filled break through the summer and look forward to seeing you in the fall.

Per Ardua Ad Astra

## Member Profile

### Robert (Bob) Lilja (Cpl Ret)

Bob was born in Provost in 1927 and grew up on the family farm at Hayter. He joined the Provost Air Cadet Squadron in 1943 at the age of 16.

Bob as an Air

Once he saw the poster for the RCAF which stated "Join the RCAF and see the world", Bob did just that and joined the RCAF on April 1, 1946. After signing up, he was sent to Manning Depot in Portage LaPrairie and then to Aylmer, Ontario for his Aero Engineer tech training.

Technical Training School in Aylmer,

Bob went on to postings at #10 Repair Depot Calgary (1947) where he worked on all types of aircraft from regular maintenance to recovery tasks. He then moved onto Flying Schools at Claresholm (1951) and Penhold (1953) and then finally to 425 Fighter Squadron at St. Hubert (1954). During his career, he obtained the nickname of "Swede". It seems the paymaster could not wrap his tongue around the difference of "J" and "Y" in the Swedish vernacular for his last name Lilja, so instead just called him Swede. That name stuck with him throughout his service time. Bob was discharged in September 1957 with the rank of Corporal.

Following his military service Bob was employed by Canadian Pacific Airline Repair (CPAR) which operated the #10 Repair Depot for RCAF. During his time with the CPAR he worked out of Cold Lake, Alberta and Churchill, Manitoba on Lancaster and Mitchell aircraft which were involved with the Nike Missile project. In 1963 CPAR had a reduction in staff so he went to work for a track vehicle company, Nodwell, in the service department. Most of his time was spent in the high arctic working on projects for oil companies. In 1974 Bob wanted to ease up on the strenuous work in the arctic so he changed to working on farm equipment as a service technician for White Farm Equipment. In 1977 he became Service Manager for Western Canada. Bob finally retired in 1992 to spend more time with his family.

During his service time with the RCAF it wasn't all work. Bob and his mates enjoyed activities like bowling at Gibson's Bowling Alley and especially the weekly dances at a club downtown. In 1949 he and his friend wanted to attend a dance, but said friend had a mishap leaving the barracks, broke his ankle and so Bob was left to go on his own. As Bob entered the dance they were setting up for a square dance and were short a spot. One of his buddies noticed him and called out "Hey Swede" come and join us. This encounter introduced Bob to Elsie. A few more dance nights and he decided that she was going to be his dance partner for the rest of his life, a dance that lasted over 70 years. Their family included two daughters, two sons and six grandchildren.

During his time with White Farm Equipment, he attended a trade show in Scottsdale, Arizona, highlighting farm machinery. The guest speaker was Neil Armstrong. As Bob was an early riser, he decided to go into the cafe for breakfast and found he and Armstrong were the only two in there. They had breakfast together and had a wonderful visit. How many members can say they ate with the “man on the moon”? According to Bob, Armstrong was “very down to earth”. (Sorry for that one folks).

In his leisure time after retirement he drove fishing groups to their favourite locales, along with five (5) other “Bob’s” (he was designated BOB 1). He also delivered RV’s for clients to the West Coast (making a couple of extra bucks on the side). Now he has weekly coffee get-togethers with those fellow drivers and enjoys meetings with friends and members at the Wing.

Bob was instrumental in spearheading the groundwork for the memorial commemorating the location of 10RD at what is now ATCO, on the site of the original depot. He continues to participate in Wing activities and meetings. An affable gentleman with a sly sense of humour and a great source of Air Force history, he is a very valuable member of the Wing.

And FINALLY, his hole in one!

# ***National Awards***

The National Honours and Awards Committee will be comprised of a Chair (Honourary National President), members, National Chairperson, National Vice-Chairperson and an honest broker appointed by the National Board. Individuals are not permitted to sit on the committee during a year in which he or she is nominated. Nominations may be made by individuals, Wings, or groups. Submissions will be held in confidence until the selection process has been completed.
